OUR 3,936 ALUMNI ACROSS THE NETWORK ARE A DIVERSE GROUP OF LEADERS...

Summer Search alumni are closing the economic equity gap, optimistic about their careers, engaged in their communities and living lives of purpose:

- Alumni reported earning a bachelor's degree or higher (89%) at a rate nearly three times the 2017 national average (31%). (NCES)
- Alumni's most commonly reported individual income bracket (\$50,000 - \$74,999) contains the average income for a sample of adults in the U.S. matched for age, race/ethnicity, gender, and education level (\$74,500). (CPS)
- 80% feel 'optimistic' about future job opportunities, compared to the national average of 65%.
- Three times as many alumni (31%) said they work in the nonprofit sector, compared to the national average (10%). (CPS)
- 82% agreed with the statement 'I am always looking to find my life's purpose.' (Alumni survey)
- 3X more likely to report well-being consistent with 'flourishing' compared to national sample of adults. (Keyes, C. L. M., 2005)
