About Us

Summer Search envisions a world in which young people, regardless of circumstance, can fulfill their potential and lead their families and communities to thrive. We believe our world is better off when everyone can discover their purpose. Yet, for too many young people, our society creates unjust obstacles that unfairly block their search. Every day we break down barriers and fight for equity for our students by connecting them to expansive opportunities and a community of support. We partner with them in their discovery that they possess not just the talent, but also the inner strength to carve their place in the world. When all young people can cultivate the power and courage already inside them, they are unstoppable.
