### YOU'RE CORDIALLY INVITED

We are thrilled to celebrate two decades of Summer Search Philadelphia's commitment to young leaders from across the city. Please join us on September 16, 2026 as we reflect on this transformative impact as shared by program participants, alumni, and leaders.

### ABOUT SUMMER SEARCH

Summer Search is empowering the next generation of thriving and purpose-driven leaders through professional year-round mentorship, transformative outdoor and experiential learning opportunities, and career readiness—leading to higher high school graduation and post-secondary education matriculation rates than national averages.

Thanks to the generous support of our community, Summer Search Philadelphia has served more than 500 students from across the city since 2006. In these 20 years, 99% of participants have graduated high school on time, and 91% were accepted to college – including 83% first-generation college students. Summer Searchers are 3x more likely to describe themselves as “thriving” compared to age peers nationally.
